➤ TECHNICAL SKILLS

- Proficient in multiple Machine learning techniques
- Deep learning (ANN, CNN)
- Natural Language Processing (NLP)
- Database Management (MYSQL)
- Fluent in coding languages such as
 - C++/C
 - PYTHON
 - HTML
 - XML
 - SPARQL
- Computer vision/OpenCV
- Arduino

➤ EDUCATION

- **BS(AI)**
Institute: Air University, Islamabad.
2020-2024
- **Intermediate Education**
Institute: IMCG F-7/2, Islamabad.
2018-2020
- **Secondary School System**
Institute: EMS HIGH SCHOOL, Islamabad
2016-2018

PERSONAL SKILLS

- *Critical Thinking*
- *Active Listening*
- *Interpersonal Communication*
- *Management skills*
- *Adaptability*
- *Collaboration*

PROJECTS

- *Exhibition management system in C++ using OOP*
- *Nearest vaccine center generator using PYTHON*
- *Bakehouse management system using Tkinter and MYSQL*
- *AI-based surveillance cameras using OpenCV and face detection algorithms*
- *Store management system using XML and SPARQL*
- *Remote control and line-following car using Arduino Uno*
- *Sign language recognition using OpenCV and MediaPipe*
- *Sentiment Analysis using NLP and ML*
